CARTE POSTALE

(FOR ADDRESS ONLY.)

*By Appointment.*

**The Royal Exchange** is the third building on this site, the first two having been destroyed by fire. The present building, by Tite, was opened in 1844.

**The Bank of England** is the centre of the world's financial business. It was erected in 1788 after designs by Sir J. Soane, in a Corinthian style of architecture, after the model of the Temple of the Sibyl at Tivoli.
